Professional Summary

Passionate MERN Stack Developer with strong expertise in building scalable and user-friendly web applications. Skilled in React.js, Next.js, Node.js, RESTful APIs, and modern frontend technologies. Experienced in developing secure, optimized, and responsive solutions with strong problem-solving abilities and teamwork skills. Seeking opportunities to contribute technical expertise toward impactful software products.

Technical Skills

Frontend: React.js, React Native, Electron.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Tools: Git, GitHub, VS Code, Postman, JIRA

Database: MySQL, MongoDB

Other: GCP, GTM, GA4

Languages Known: English, Hindi, Marathi

Work Experience

Paras Infotech

Junior Software Developer

Jan 2025 – Present

Pune, India

- Developed and optimized features for internal CRM and admin systems.
- Enhanced UI/UX with responsive layouts, animations, and improved accessibility.
- Integrated REST APIs and optimized data handling performance.
- Collaborated with senior developers and QA teams to ensure high-quality code delivery.

Hackveda Solutions

Intern Web Developer

Feb 2024 – Aug 2024

Pune, India

- Worked on website modules and reusable frontend components.
- Improved technical skills through practical development experience.
- Gained hands-on experience with modern web technologies and development best practices.

Projects

iNotebook-Pro (MERN Stack)

- Built a secure multi-user notes application with authentication and MongoDB integration.
- Implemented responsive UI and CRUD functionality for note management.

Convert-All-Files (Next.js + TypeScript + Tailwind CSS)

- Developed a scalable web application for converting files between PDF, Word, and image formats.
- Focused on performance optimization and responsive user experience.

NewsApp (React.js + API Integration)

- Created a real-time news aggregator application using external News APIs.
- Displayed categorized US headlines with optimized API integration.

Education

Savitribai Phule Pune University

Master of Computer Applications (MCA)

2022 – 2024

Pune, India

- Focused on Full Stack Development, MERN Stack, Cloud Integration, and Scalable Application Design.

Savitribai Phule Pune University

Bachelor of Computer Applications (BCA)

2015 – 2018

Pune, India

- Learned software engineering principles, object-oriented programming, and system design.

Courses & Certifications

Full Stack Development
MERN Stack Development

Profound Edutech Pune — 2024
Self Learned — 2024

Additional Information

- Active learner exploring Next.js and modern UI frameworks.
- Strong interest in scalable web/mobile/desktop applications and cloud integration.
